## I Now Know Why

“I now know why men who have been to war yearn to reunite. Not to tell stories or look at old pictures. Not to weep or laugh. Comrades gather because they long to be with the people who once acted their best; who once suffered and sacrificed, who were stripped of their humanity. I did not pick these men, they were delivered by fate and the [military]. But I know them in a way

**As long as I have memory, I will think of them all, every day.**

I know no other men. I have never given anyone such trust. They were willing to guard something more precious than my life. They would have carried my reputation, the memory of me. It was part of the bargain we all made, the reason we were all willing to die for one another. As long as I have memory, I will think of them all, every day. I am sure that when I leave this world, my last thoughts will be of my family, and my comrades. SUCH GOOD MEN!”

(“These Good Men: Friendships Forged from War,” Michael Norman, p. 293)

# POW / MIA NEWS

Updated August 2, 2016

Submitted by Philip Morris, POW/MIA Chairman

**AMERICANS ACCOUNTED FOR:** The number of US personnel missing and unaccounted for from the Vietnam War is still **1,618**, unchanged since June 9<sup>th</sup>.

**PRESIDENT RAISES COMMITMENT TO POW/MIA ACCOUNTING AT DAV NATIONAL CONVENTION:** Speaking at the Disabled American Veterans 95<sup>th</sup> National Convention, President Obama stated, *"We've stood together at the Wall and remembered the lessons of Vietnam – that even when Americans may disagree about a war, we have to stand united in support of our troops. And that for mothers like Sara [Frances] Shay, who honored her missing son for more than 40 years, we will never stop working to bring home our prisoners of war and our missing in action. We leave nobody behind. No one."* The League appreciates the President's reference to America's longstanding commitment to achieve the accounting, though we also recognize fully that not all will be recovered, identified and returned to their families for honorable burial here in the United States.

**PRESIDENT TO VISIT LAOS FOR ASEAN LEADERS CONFERENCE:** In early September, the President will travel to Vientiane, Laos, for the ASEAN and East Asia Summits. Laos is serving as the 2016 Chair of ASEAN (Association of Southeast Asian Nations); therefore a series of meetings have been held in preparation with senior US officials, including Ben Rhodes, Deputy National Security Council (NSC) Advisor for Strategic Communications.

Most recently, **Secretary of State John Kerry** also was in Vientiane and, with US Ambassador to Laos Dan Clune, raised the need for positive Lao Government responses to specific requests to facilitate Joint Field Activities (JFAs). The two points relate to approval for US teams to base-camp at incident site locations to reduce travel time and costs for helicopter support (primarily blade hours), thus maximizing time available for recovery efforts, and an as-needed increase in the number of personnel allowed in-country simultaneously. Both are valid requests to help meet current budget requirements to do more with less in terms of funding and effectiveness, meaning results.

**US-LAO CONSULTATIONS NOW ONGOING:** A Lao Delegation is now in Hawaii meeting with DPAA and DIA officials related to future operations, hopefully including positive responses on the above requests. Deputy Director BG Mark S. Spindler, USA, will head the US Delegation and H. E. Khoanta Phalivong, Director General of Europe & Americas Department, Lao Ministry of Foreign Affairs, will head the Lao Delegation. Especially leading into the President's visit in early September, the League is hopeful that the Lao Government is receptive and responsive to these two requests that have now been raised bilaterally at the highest levels.

## Beaver County Veterans Treatment Court

Larry Googins, President

A veteran from Beaver County will graduate from Veterans Treatment Court this month and another is scheduled to graduate in October. These are the

2nd and 3<sup>rd</sup> veterans to finish the program; seven additional veterans are currently in the program. So what is this all about?

The Beaver County Veterans Treatment Court (VTC) was established to address the needs of veterans who become involved in the criminal justice system. The mission of the VTC is to enhance public safety and reduce repeat offenses by veterans by connecting them with Veteran Justice Outreach programs, mental health treatment, drug and alcohol treatment and/or anger management treatment, and to find an appropriate disposition of the criminal charges by considering the defendant's treatment needs and the seriousness of the offense(s).

A Beaver County veteran who meets the following clinical criteria may request admission into the VTC Program: PTSD, traumatic brain injury (TBI), military sexual trauma, drug or alcohol addiction, diagnosis that includes, but is not limited to, depression or a psychological disorder requiring treatment and support, or special needs as recommended by the District Attorney.

A plea agreement is then recommended by the District Attorney and accepted by the Veterans Treatment Court. The veteran must voluntarily agree to participate in and be subject to the rules, guidelines and sanctions of the Veterans Treatment Court Program.

A key component of the success is the Veteran Mentor Program. A veteran mentor is paired with a veteran participant to provide support as the veteran navigates through the court system and treatment. Ideally, mentors will be paired by branch of service whenever possible. Shared experiences of another veteran are critical in

assisting a participant in regaining control of his/her life and successfully maintaining treatment that will lead to completion of the VTC Program.

A veteran who has entered a plea and has been accepted into the Program will be assigned a mentor at the time of his/her plea based on availability of mentors. We currently have nine active VVA mentors who are doing an exceptional job for the nine veterans currently on the program. They are listed below. Obviously, we need additional mentors if we are to expand the program. Please consider helping our fellow veterans, after all, isn't that our principle purpose: "Never again will one generation of veterans abandon another." It is not a time consuming task and is very rewarding. Please contact me anytime and help another veteran.

# Lee's Tidbits

Lee Corfield, Webmaster

At a glance, I've been looking over our VVA 862 Website and I've noticed a few statistics which I find interesting.

*They are not going to get any better.*

## Starting from:

2010 - we lost 5	2014 - we lost 7
2011 - we lost 7	2015 - we lost 8
2012 - we lost 11	2016 - we lost 8 so far (and
2013 - we lost 6	this is only August)

Since we started recording our Deaths, we've lost 82 Now, in speaking with our Membership Chair, looks like we've got members from 27 different states from all over the US.

I thought that was rather interesting as I know we've had several people that come up to us at the Kokomo Vietnam Veterans Reunion.

It starts with, "Hey, you guys sure know how to enjoy yourselves at these Vietnam Veteran Reunions. How can we become members?"

## "Well, this is your Lucky Day."

*(being presented with a Membership*

*Application for VVA 862)*

I always explain to them that they can get online and look for chapters in their states. I actually try to encourage them to look into the chapters in their states to see what they are doing.

Two years ago a couple came up to us and handed us old applications that we had given them a few years

back. They said, "Hey, we looked at the chapters around us and they don't do anything. You guys just seem to have it all together." Then she handed me a Check for the both of them along with their DD 214s.

**What can I say**, I'm not going to turn down their applications. I don't know what goes on where they live. The same thing happens when we go to our VVA PA State Council meetings. Other chapters in the state want to know what we are doing that they ain't?

I tell them, you have to keep **VVA applications** with you at all times. Just like your car keys, **Never leave home with out them!**

Then if it comes up in a conversation, that's when I say, "Well, this is your Lucky Day" and out comes an Application, and an explanation is given as to what they need to do pertaining to getting their DD 214s.

I also tell them how we have members from all walks of life. I truly don't know if we are missing any professions. I'm pretty sure we have them all covered. Yes we did, at one time, we even had a Coroner, (Our Past President & Founder of VVA 862, Skip Haswell) till he decided to retire and move to Florida.

Heck, we get between 125 to 150 to a meeting, and that's even in the summer months. Winters are even more. These guys can't wait till the 3rd Wednesday of the month.

Well, There's my little survey. I might have gotten of the beaten path but I thought some of these items were interesting.

Just makes you wonder, Just where are we headed?
