President's Message

Something on my mind....and this came about after talking to a Marine Brother on the phone.... It should not be a "Marine Thing" but should be something Air Force, Navy, Army, and Coast Guard do. We are in loss of Brothers and Sisters, everyday. Too many and it hurts, most recently Peter-San....like most, it hurts to think of the ones we love and lost.

When we were finished talking on the phone the Brother said to me, "Love Ya Man !" and before we hung up....we talked about his remark and it's something to think about. He said to me, " I said to you 'Love Ya Man' because who knows, this may be the last time we speak to each other." So true. Nothing is wrong with the greeting of a handshake and a HUG or when we say, "So Long" a HUG and "Love Ya Man" or "Love Ya Girl." The last thing I said to Peter-San (Petrosky) is "Love Ya Peter-San" and he whispered and moved his lips and said " Love Ya Skip-San." That was special and will always be remembered and sadly.....That was final !!!! Life is very short and each one of us could go today or tomorrow....So tell your spouse, your children, grandchild.... "I love you" and mean it....Because of Nam, many of you won't let friends "cross over that line" because again like Nam, the FNG's you knew you would lose them...today you won't let everyone get close to you because you know the pain when you lose him/her. You didn't even want to know his name because the next firefight he could be gone. He had to earn the trust and once he did he was VERY special,,,,,Someone you would remember for a lifetime....the friendship that only those of you in combat could share.

So next time you see a brother or sister.....tell them Love Ya Man or Love Ya Girl. It may be the last time you can tell them they are special.

Welcome Home, Walk Tall, Walk Proud

POW Update

UPDATED: December 14, 2013

AMERICANS ACCOUNTED FOR: There are still **1,643** personnel listed by the Department of Defense (DoD) as missing and unaccounted-for from the Vietnam War. DoD recently posted the identification of **SSG Lawrence Woods, USA/SF**, of TN, listed as KIA/BNR in South Vietnam on October 24, 1964. His remains were recovered on April 13, 2010 and identified September 4, 2013. Earlier, DoD posted the identification of **Colonel Francis J. McGouldrick, USAF**, of CT, listed as MIA in Laos on December 13, 1968, as now accounted for. His remains were repatriated May 22, 2012 and identified August 28, 2013. The number of Americans announced by DoD as returned and identified since the end of the Vietnam War in 1975 is now 940. Another 63 US personnel, recovered by the US and ID'd before the end of the war, bring the official total of US personnel accounted-for from the Vietnam War to 1,003. Of the 1,643 unaccounted-for personnel, 90% were lost in Vietnam or in areas of Cambodia and Laos under Vietnam's wartime control: Vietnam-1,275 (VN-469, VS-806); Laos-308; Cambodia-53; PRC territorial waters-7; over-water losses on DoD's list of No Further Pursuit cases number well over 600.

LEAGUE CHAIRMAN MEETS WITH SECRETARY OF DEFENSE:

Chairman of the Board Ann Mills-Griffiths met on December 4th with Secretary of Defense Chuck Hagel to discuss the way ahead for the entire accounting community. Recognizing the growing negative impact on Vietnam War accounting being caused by the US bureaucracy's internal dysfunction and bias in pursuing accounting objectives, the League leadership, supported by League Advisors, determined the need to develop a cohesive structure to reorganize the entire effort. Critical hearings held on August 1st in the House and Senate reinforced the urgency of moving quickly due to investigations and assessments demanded by Congress, the usual outcome of lawmakers frustrated in seeking answers to questions based on unverified, misleading accusations from biased, relatively uninformed individuals. Rather than awaiting results from further internal investigations and assessments, and based on decades of experience dealing with successive organizations and administrations, Mills-Griffiths sought suggestions from former and current US officials known to be firmly committed to the mission. The task was made more critical by negative media focused on the Joint POW/MIA Accounting Command (JPAC). The Secretary pledged to carefully review the background memo and proposed reorganization and respond directly to the League.

SECRETARY OF DEFENSE & JOINT CHIEFS CHAIRMAN PLEDGE SUPPORT:

On September 20th, Secretary of Defense Chuck Hagel, in remarks at the Pentagon's ceremony commemorating National POW/MIA Recognition day, stated in part, "Words and promises cannot make the lingering uncertainty, the headache, and the heartache go away. But I hope it provides comfort to know that as long as members of our Armed Forces remain unaccounted for, the Department of Defense will do everything – whatever we can to find them and bring them home....we will not rest until we fulfill this pledge – no matter how long it takes....Today, as the POW/MIA flag is raised in communities across America, we pledge to live by its creed, **'You are not Forgotten.'**"

VIETNAM: US-Vietnam POW/MIA Consultations were held September 26th, led by JPAC Commander Maj Gen Kelly McKeague, USAF, with DPMO, DIA's Stony Beach and Embassy-Hanoi participation. A commemorative dinner was held the night before to celebrate recent years of steadily improving POW/MIA cooperation. Although invited to attend, the League's Chairman of the Board regretted and sent a letter that was read aloud and well-received, according to the JPAC Commander. The Joint Field Activity (JFA) in Vietnam, scheduled for November, was initially postponed due to lack of funding. Once agreement was reached on a Continuing Resolution to temporarily fund the government, the Vietnam JFA was back on, though significantly reduced in scope and now completed.

POW News (cont form Page 2)

In a very important development, Vietnamese Deputy Minister of National Defense LTG Nguyen Chi Vinh was in Washington, DC, for October 29th bilateral Defense Policy Dialogue. In response to a League request, Minister Vinh and his delegation met with Chairman of the Board Ann Mills-Griffiths on Sunday, October 27th. Mills-Griffiths thanked Minister Vinh for taking the time to meet and for significant improvements in cooperation, particularly since 2009, Minister Vinh first stated 1) he had brought more documents sought by the US to turn over to DoD officials, 2) agreed to additional US personnel operating in the central provinces, and 3) saw no problem with permanent stationing of the two DIA specialists, providing their mission was clear, i.e. focused solely on POW/MIA-related information, indicating it should simply be handled as other such requests through the US Embassy. Minister Vinh asked for additional US emphasis on and support for addressing “war legacy issues,” including demining and humanitarian assistance for the disabled and their families, and for information that might help locate Vietnamese who died and whose remains are not yet recovered. He suggested that bilateral US-Vietnam cooperation on the humanitarian accounting mission should be publicized to serve as an example to the world of what can be accomplished by working together on such matters. In a post-DoD meeting wrap-up, observers reported that Minister Vinh indicated there were no barriers to his government’s willingness to assist and again suggested publicizing the success of bilateral US-Vietnam cooperation on the humanitarian accounting mission.

Chairman’s Comment: There was noticeable warmth and responsiveness during discussions with the Deputy Defense Minister, a willingness to cooperate that has been evident to the League since 2009 and, along with the improved level of cooperation, there have also been a significant improvements in the professionalism of working level officials, clearly having received authorization and encouragement from senior officials. These welcome developments, especially a commitment that there are “no barriers” to POW/MIA accounting cooperation by such a senior MND official as Senior LTG Nguyen Chi Vinh, bode well for achieving greater success on Vietnam War accounting, so long as US Government funding and personnel levels meet long-established agreements..

CAMBODIA: Consultations were held September 30th in Phnom Penh, led by JPAC Commander Maj Gen Kelly McKeague, USAF, with DPMO, DIA’s Stony Beach and Embassy-Phnom Penh participation. It is hoped the legal obstacles raised by the US bureaucracy will not recur to pose further difficulties for JPAC teams and counterpart Cambodian officials who, though puzzled, have been most patient. The long-delayed JFA in Cambodia was scheduled to take place from October 23 – December 6th but was again postponed, as noted above. Operations in Cambodia by two Recovery Teams (RTs) and one Underwater Recovery Team (URT) have been postponed twice this year.

LAOS: On August 16th, US-Lao Bilateral POW/MIA Consultations, also led by the JPAC Commander, with DPMO and Embassy-Vientiane representatives participating, were held in Vientiane, Laos. The talks were the most productive such discussions in quite some time. At long last, the Lao Government agreed to allow the Defense Intelligence Agency’s (DIA’s) Stony Beach POW/MIA specialist to pursue field investigations year-round, on an as-needed basis. Though the details have yet to be worked out, the League welcomes Lao responsiveness to specific appeals, including approval of year-round Stony Beach investigations, contracting the use of smaller helicopters, and on-site base-camping. These Lao Government decisions are in keeping with the improved political, economic and military relationship. The agreement on base-camping was to have been tested during the October 16 – November 29th JFA that was postponed due to lack of funding.

Veterans to Receive 1.5 Percent Cost-of-Living Increase**New Rates for Compensation and Pension Benefits in 2014**

WASHINGTON - Veterans, their families and survivors receiving disability compensation and pension benefits from the Department of Veterans Affairs will receive a 1.5 percent cost-of-living increase in their monthly payments beginning Jan. 1, 2014.

“We’re pleased there will be another cost-of-living increase for Veterans, their families and their survivors,” said Secretary of Veterans Affairs Eric K. Shinseki. “The increase expresses in a tangible way our Nation’s gratitude for the sacrifices made by our service-disabled and wartime Veterans.”

For the first time, payments will not be rounded down to the nearest dollar. Until this year, that was required by law. Veterans and survivors will see additional cents included in their monthly compensation benefit payment. For Veterans without dependents, the new compensation rates will range from \$130.94 monthly for a disability rated at 10 percent to \$2,858.24 monthly for 100 percent. The full rates are available on the Internet at www.benefits.va.gov/compensation/rates-index.asp.

The COLA increase also applies to disability and death pension recipients, survivors receiving dependency and indemnity compensation, disabled Veterans receiving automobile and clothing allowances, and other benefits. Under federal law, cost-of-living adjustments for VA’s compensation and pension must match those for Social Security benefits. The last adjustment was in January 2013 when the Social Security benefits rate increased 1.7 percent.

In fiscal year 2013, VA provided over \$59 billion in compensation benefits to nearly 4 million Veterans and survivors, and over \$5 billion in pension benefits to more than 515,000 Veterans and survivors.

For Veterans and separating Service members who plan to file an electronic disability claim, VA urges them to use the joint DoD/VA online portal, eBenefits. Registered eBenefits users with a premium account can file a claim online, track the status, and access a variety of other benefits, including pension, education, health care, home loan eligibility, and vocational rehabilitation and employment programs.

For more information about VA benefits, visit www.benefits.va.gov, or call [1-800-827-1000](tel:1-800-827-1000).

Lee's Tid Bits

Air Force Museum Trip

I'm really getting pumped up for all those going on this trip. I know there are a lot who have always wanted to go but just never went. Not only myself, we have 7 other Air Force personnel that are going. Some of who were even stationed at Wright Paterson Air force Base for a period of time.

To get an idea what we will be doing go to the site below and look around. You might find an area you want to read about now, before we go.

<http://www.nationalmuseum.af.mil/>

Suggestions for the future!

- US Army Museum @ Ft Belvoir Va.
- US Navy Museum @ Washington DC
- U S Coast Guard @ New London CT
- U S Marine Museum @ Quantico Va

We all have a deep respect for all the branches of our Armed Forces. We are all proud of all of our brothers and sisters in our VVA 862 chapter, no matter what branch they served. Yes! We do a lot of harassing but it is always in fun.

Hey! The Air Force couldn't take them all!

These trips could be arranged, doing maybe one each year. Preferably someone from that branch of service organizing the trip like I have done for the Air Force this year.

Legislative Update January 2014

After passing the House by a vote of 227 to 195 and the Senate by a vote of 64-36, the Bipartisan Budget Act of 2013 became law with the president's signature on December 26th. The two year budget deal includes a provision that reduces working age retirees' annual cost-of-living adjustment (COLA) by one percentage point until they reach the age of 62 but breaks with legislative tradition and does not grandfather members already retired or still serving. The Military officers Association of America estimates that an E-7 retiring this year with 20 years of service would see an average loss of over \$3,700 per year by the time he/she reaches age 62 – overall impact: \$83,000 loss by age 62. The new force structure will likely force out nearly 100,000 troops, many of whom will leave with an early and already reduced retirement. Even though the bill includes a COLA “catch-up” clause at age 62 that recalculates the follow-on retiree's annual pay base, the financial loss of the years between retirement and age 62 are permanently lost. “From the outset, the architects of the BBA insisted that the COLA adjustment would exempt disability retirees. After MOAA's review of the language, we discovered that it contains no exemption for Chapter 61 retired pay or for certain survivors' benefits. Other budget-saving measures in the agreement include a provision altering retirement contribution amounts for federal (civilian) retirees. However, these provisions apply only prospectively to new hires, grandfathering current employees into their retirement system. Military retirees were not afforded this protection.” *MOAA weekly legislative updates December 2013*

This bipartisan agreement reduces the deficit by \$23 billion—without raising taxes. It also maintains about 90% of the sequester cuts. If not repealed, this provision takes effect in December 2015.

Here's how our local representatives and senators voted on the budget act and their phone number should anyone care to voice their opinion:

Senator Bob Casey	Yes	Phone: (202) 224-6324
Senator Pat Toomey	No	Phone: (412) 803-3501
Representative Keith Rothfus	Yes	Phone: (724) 359-1626
Representative Tim Murphy	Yes	Phone: (412) 344-5583
Representative Mike Doyle	Yes	Phone: (412) 390-1499

As a result of intense lobbying by many veterans and military organizations, there are already bills introduced to reverse the military pension cut. HR 3788 introduced by Rep. Fitzpatrick and cosponsored by PA representatives Rothfus, Murphy and Kelly would reverse the pension cuts and find savings from illegal wage earners by requiring a valid SSAN to claim the refundable portion of the child tax credit. A similar effort was attempted by in the Senate by Senator Sessions by way of an amendment to the Senate budget bill. Sessions' motion failed on a 46 to 54 party-line vote, with North Carolina Sen. Kay Hagan crossing the aisle as the lone Democrat to vote with the Republicans.

Keep in mind that this cut in promised benefits applies ONLY to military retirees and “does not” apply to any compensation you may receive from the VA.

The national Defense Authorization Act has passed congress and been signed by the President. Of particular interest to the Pittsburgh region is that part of the bill that bans funding for another round of BRAC. The 911th Air Reserve Station and the CE Kelly support facility in Oakdale PA were proposed for closure in the 1995 and 2005 BRAC rounds with the 911th surviving but the Kelly facility closing.

Vets 4 Vets Chairman Tom Robes says **"THANKS"**

To all the members of VVA & AVVA 862 - We collected \$ 425.00 in donations from our members at our December meeting and \$840.00 was donated in Pete Petrosky's name at the funeral home (Thank You Sue). Giving us over \$1200.00 to give to Veterans or family members of Veterans. This year we have given out over \$1400.00 this Christmas. This past year, 2013, our members gave over \$1650.00 in collections at our monthly meetings, and Corey Allinder gave \$1000.00 from the Blaine Allinder Golf outing. Also, one of our members donated \$1000.00, in December, which, he wants to remain anonymous. We also received several checks of \$100.00 from our members during 2013,

We, the Chapter have given out over \$3,500.00 to Vets or Cancer victims this year. I want to thank all of our members and especially the Chapter Associates, that donated a 1/4 of the 50/50 money each month. that totaled over \$1,100.00. Thank You to Bobby Morris and all your wonderful chapter members. As anyone can see, we, Vets Helping Vets, reached out and helped people all year. If anyone has someone in need, or knows of someone, please call me at 724-728-4334. Georgiann and I get great satisfaction in helping individuals from our fund and I am so proud to be able to do this in the name of our Chapter's "Vets Helping Vets" .

**Thank You.
Squirrel (Tom) and Georgiann Robes**

"Special Thanks" from Jim Trozzo

I read the card the members of 862 sent to my daughter, son-in-law and grandson. I was so touched and honored that a bunch of guys thought so much of a young boy struggling with cancer, to send him some cards so he can eat some food on the way to Children's hospital. He can't make it the entire distance without getting sick because of the medicine, so they have found that a stop at Sheet's breaks up the trip.

Thank you all so very, very much.

Brutality of War Course @ CCBC

There is a course being offered at the Beaver County Community College on Wednesday, April 2nd , 2014, from 1830-2030 hrs, STC Room 4130. This course and I quote the brochure "This is a story about the brutality of war when no men are winners and victory is a high body count. U.S. military brass resurrected the old policy of attrition towards the enemy. Learn why it didn't work and reasons for this failure."

Registration for this particular evening's course is January 6th, 2014. I thought this might be added to our monthly newsletter as I am interested in who is teaching this course and what will be said. **The cost is \$27.00**

Fraud Alert for All Veterans – Don't Carry Your VA Card in Your Wallet

November 8, 2013 – If you are a veteran and you have been issued a VA card, you need to start treating it like your social security card.

When you don't have anything on your calendar requiring it – like an appointment at the VA – **leave it at home**. An ABC News affiliate in Florida has discovered that every single VA card issued since 2004 contains the social security number of the person the card was issued to in a bar-code on the front of the card. More importantly, the bar code can be deciphered by anyone who has a free bar-code-reader on their smart phone.

According to the report, the VA has known about this issue for years but has failed to correct it. And they haven't been proactively notifying veterans about the issue. They claim to be working on a new generation of their card but it will not be available until sometime next year.

Any veteran who has lost their VA card should be concerned. Not only could they be subject to financial identity theft but it is also possible that they could be targeted for healthcare ID theft. That's because the VA handles both medical and retirement benefits for veterans.

At ACCESS, we haven't seen this reported on a national basis but we believe that it should be. Below, you will find the video report out of Florida. <http://youtu.be/4ycbVaOk6To>
